RE: Estimated Revenue Sharing Payments Under the Senate Republican FY 2006-07 Budget Balancing Proposal

On March 22, 2007, the Michigan Senate passed Senate Bill (S.B.) 220 in an effort to bring the FY 2006-07 budget into balance. Senate Bill 220 would reduce revenue sharing payments to cities, villages, and townships by approximately \$39.9 million relative to the level currently forecasted under the January 2007 Consensus Revenue Estimates. Additional legislation will be necessary to alter the distribution formula to make the statutory language consistent with the reductions. At present, such legislation has not been introduced, nor has any bill that would amend the relevant section of statute (M.C.L. 141.913). As passed by the Senate, S.B. 220 would make the following changes:

- Revenue sharing payments to cities, villages and townships (CVTs) during FY 2006-07 essentially would be reduced by approximately 6.13% from the FY 2005-06 level.
- Approximately 1,088 local units would experience declines of less than 6.13% compared with the FY 2005-06 level. The differences would occur because, while no local unit would receive less in combined constitutional and statutory revenue sharing funds during FY 2006-07 than 93.87% of what it received in FY 2005-06, the reduction may not lower constitutional payments and for these 1,088 units the expected FY 2006-07 constitutional payments exceed 93.87% of what they received in total revenue sharing payments during FY 2005-06.
- Under current law, an estimated 928 local units are expected to receive no statutory payment during FY 2006-07 (although they will continue to receive payments under constitutional provisions). Under the proposal, approximately 160 additional local units would cease receiving statutory payments in FY 2006-07. An estimated total of 1,075 township and 13 villages would not receive any revenue sharing under statutory provisions during FY 2006-07. All cities would receive a 6.13% reduction.
- Counties would continue to make withdrawals from a special local reserve fund in lieu of receiving statutory revenue sharing payments, as provided under current law.

In separate action, the Senate Appropriations Committee approved Executive Order 2007-3, eliminating the \$892,400 in funding for special census payments during FY 2006-07.

What follows is a more detailed discussion of the Senate Republican proposal for FY 2006-07 revenue sharing payments. Two tables are also attached: Table 1 provides a summary of recommended payments by type of local unit and type of payment, while Table 2 provides the same information by individual local unit.

6.13% Reduction in FY 2006-07 Revenue Sharing Payments from the FY 2005-06 Level

As has been done since Governor Engler's Executive Order 2002-22 reduced revenue sharing during FY 2002-03, and as is current law for FY 2006-07 revenue sharing payments, the Senate Republican proposal for FY 2006-07 statutory revenue sharing payments would suspend the distribution formula adopted in 1998. The proposal provides that each CVT's combined constitutional and statutory revenue sharing payment in FY 2006-07 would equal 93.87% of the combined statutory and constitutional revenue sharing payment it received in FY 2005-06.

Cities, villages, and townships receive 15.0% of the sales taxes collected at a rate of not more than 4.0% on a per person basis under Section 10 of Article IX of the State Constitution of 1963. Additional revenue sharing payments are made under provisions in statute. Constitutional payments are forecasted to decline approximately 0.2% during FY 2006-07; a 6.13% reduction in total payments would require statutory payments to be reduced also. However, because of revenue sharing reductions and limitations before and during FY 2005-06, 798 local units did not receive a statutory payment in FY 2005-06 and have no statutory revenue sharing funds that could be reduced by the proposal. Moreover, current law is expected to eliminate the statutory revenue sharing payments for an estimated 130 additional local units. The proposal would eliminate statutory payments to an additional 160 local units because those units receive so little under the statutory provisions that eliminating the entire statutory payment would be insufficient to implement the full 6.13% reduction. As a result, an estimated total of 1,088 CVTs would not receive any statutory revenue sharing payments in FY 2006-07, although these units would continue to receive distributions required under the State Constitution.

Additional legislation would be needed to alter the distribution formula under current law to account for the reduced revenue under the negative supplemental appropriation contained in S.B. 220. Such legislation not only would need to implement the 6.13% reduction, it also would need to provide an adjustment mechanism so that if sales tax revenue is less than the level upon which the revised appropriation is based, revenue sharing payments would be reduced to make sure the distribution formula in statute would not attempt to distribute more money than is appropriated. The legislation to accomplish these changes has yet to be introduced and currently no bills that have been introduced would amend the relevant section of statute.

The Reduction in Payments Compared with the Negative Supplemental Amounts

Senate Bill 220 would lower the constitutional appropriation by \$20.1 million and the statutory appropriation by \$41.5 million, for a combined reduction of \$61.6 million. However, the reduction in payments to local units is only \$39.9 million when compared with current law. The difference between these two amounts largely reflects the decline in sales tax revenue between the May 2006 Consensus Revenue Estimates, upon which the original appropriation was based, and the January 2007 Consensus Revenue Estimates, as well as the proposed reduction. In May 2006, constitutional payments were expected to total \$698.9 million, compared with \$678.8 million under the January 2007 estimates. The statutory reduction in excess of \$39.9 million reflects the adjustment mechanisms in statute (similar to those described in the preceding paragraph) that are in place for FY 2006-07. As a result, the amounts listed in S.B. 220 reflect the reduction from the current appropriation amounts, but not from the amounts that would actually be distributed under current law. The \$39.9 million reduction is the reduction from what would actually be distributed under current law, given the January 2007 Consensus Revenue Estimates.

Special Census Revenue Sharing Payments

Cities, villages, and townships that have experienced at least 10.0% population growth since the last decennial census (in this case the 2000 census) are allowed to conduct a special census to certify their population growth. Once the local unit's population growth is certified, it may be eligible for special census revenue sharing payments should the Legislature appropriate funds for that purpose. The special census does not affect other constitutional or statutory revenue sharing payments and does not alter the population counts used in computing those payments. Furthermore, if the appropriation for special census revenue sharing payments is insufficient to fully fund payments to all eligible local units, the payments are prorated. Currently, 11 local units have received certification and are eligible to receive special census revenue sharing payments:

Local Units Certified for Special Census Revenue Sharing Payments As of February 1, 2007			
Local Unit	County	FY 2005-06 Payment	FY 2006-07 Estimate
Saugatuck Township	Allegan	\$32,200	\$24,169
Grand Blanc Township	Genesee	292,514	216,811
Mundy Township	Genesee	0	37,194
Linden City	Genesee	50,167	105,262
Union Township	Isabella	146,737	109,316
Rockford City	Kent	33,661	24,958
Algoma Township	Kent	0	73,802
New Baltimore City	Macomb	244,540	181,295
Forsyth Township	Marquette	71,121	52,747
Holly Township	Oakland	22,160	16,726
Grand Haven Township	Ottawa	0	50,123
Total		\$893,100	\$892,400

The FY 2006-07 appropriation provided \$892,400 to fund special census revenue sharing payments, less than the \$1.5 million projected before any proration. Executive Order 2007-3, also approved by the Senate Appropriations Committee on March 22, 2007, eliminates funding for special census payments.

Cash Flow and Timing Issues Related to Senate Bill 220

Revenue sharing payments are distributed every two months, beginning in the October that starts each State fiscal year. As a result, half of the revenue sharing payments issued during a State fiscal year have already been distributed to local units. However, many local units operate on different fiscal years: some run from July through June while others run on a calendar-year basis and some even operate on an April-through-March basis. Similarly, local units often differ on whether they operate on a cash basis or an accrual basis. As a result of these factors, the reduction proposed in S.B. 220 would have two additional consequences for local units.

First, a number of local units could end up receiving checks for amounts that would be less than the constitutional payment being distributed during that payment. This occurrence would be particularly common for the additional 160 local units that would not receive a statutory payment during FY 2006-07 as a result of the reductions. The first three payments, and thus the statutory component of those payments, issued this State fiscal year have been based on the current appropriation. A reduction in the statutory appropriation would mean that those payments would have been too large or, in the case of the 160 units for which the proposed cuts would have eliminated statutory payments, should no longer have been made. In order to ensure that local units would not be placed in a position of having been overpaid when the State fiscal year ends, the checks would be adjusted to spread out the effect of the reductions over the last payments. Essentially, the overpayment of statutory amounts on the three payments already made would be counted against the future amounts the unit should receive under the reduced appropriation.

Second, because all of the FY 2006-07 reductions affected by the proposal would be made during the last three payments and most local units have fiscal years that do not coincide with the State's fiscal years, the effect on specific local units' fiscal years would differ from the effect on the State's budget. The most extreme example of this case would involve a local unit with an April-to-March fiscal year. Assuming local units in FY 2007-08 are to receive 100% of their FY 2006-07 payment (consistent with the Governor's budget recommendation for FY 2007-08), if a local unit were expected to receive \$90,000 in constitutional payments and \$10,000 in statutory payments before the reduction, under the reduction it instead would receive \$3,870 in statutory payments. Because the State is essentially halfway through the payments to be distributed, the local unit would likely have already received something close to \$5,000 in statutory payments -- about \$1,130 more than they should have received. As a result, the remaining \$45,000 in constitutional payments for the rest of the State fiscal year would total only \$43,870. (This is the problem discussed in the previous paragraph.) However, these adjustments would be made on the payments in April, June, and August -- which fall in the local unit's FY 2007-08. As a result, the local unit would absorb \$6,130 in cuts over the next three revenue sharing payments, and then 50.0% of the cuts over the next three payments (which are part of the State's FY 2007-08 disbursements). Therefore, the total reduction in the local unit, comparing its FY 2006-07 payments to its FY 2007-08 payments, will be approximately 9.2%. For local units with fiscal years that run from July through June, the same sort of result would occur, but be less pronounced.

1) Revenue sharing payments are based on consensus sales tax estimates adopted at the January 2007 Consensus Revenue Estimating Conference, subject to any existing appropriations. The appropriated levels represent the maximum amount that will be distributed for restricted revenue sharing. If actual sales tax collections are lower, then the revenue sharing distributions will be reduced. If actual sales tax collections are higher than estimated, then constitutional payments will be increased and statutory payments will be reduced.

2) Reduction in Special Census payments in FY 2006-07 reflects approval of Executive Order 2007-3.

* Note: Figures exclude \$0.4 million in "hold-harmless" payments appropriated from the General Fund to offset the effects of the revenue sharing reductions in Executive Order 2003-22 to units continuously under the control of a State-appointed emergency financial manager (the cities of Flint, Hamtramck and Highland Park) during FY 2003-04. Also excluded are \$0.2 million in appropriations to continue the "hold-harmless" provisions into FY 2005-06 and FY 2006-07. (At this time only Highland Park remains under control of a State-appointed emergency financial manager). Special Census revenue sharing payments are also excluded.
